CASHEW TRADING SEASON.**

The captioned subject refers.

Cashewnut Board of Tanzania (CBT) would like to inform you that in the 2024/2025 cashew trading Season, Tanzania will introduce Online cashew trading system through Tanzania Merchantile Exchange (TMX). This cashew buying system will enable buyers to buy raw cashewnut online.

Furthermore, CBT will closely supervise collection, stacking and quality aspects of RCN in the warehouses. So, we would like to assure buyers that, from 2024/2025 cashew season, we will ensure that RCN to be collected from warehouses by buyers will be of the same quality and quantity as described in the catalogue.

CBT invites all prospective buyers to come to Tanzania to procure quality RCN for 2024/2025 cashew season, which will commence in October 2024. For further questions and clarification please do not hesitate to contact us through email: [info@cashew.go.tz](mailto:info@cashew.go.tz).
