CASHEWNUT BOARD OF TANZANIA**

**NOTICE TO THE PUBLIC**

The Cashewnut Board of Tanzania (CBT) is a government institution under the Ministry of Agriculture, mandated to oversee the development of the cashew industry in Tanzania. It was established under the **Cashew Industry Act No. 18 of 2009** and its 2010 Regulations, with regulatory functions set out in Section 5 of the Act.

CBT wishes to inform all international customers that, by virtue of this announcement, all inquiries concerning the demand and supply of cashew kernels should be channeled through CBT before entering into contract agreement with any local company in Tanzania.

Therefore, stakeholders in the global cashew industry are reminded to consult CBT prior to entering into any supply agreements with Tanzanian companies. Upon verification, CBT will provide proper guidance on the better way of fulfilling the objectives.

Furthermore, CBT reiterates that all stakeholders in the cashew value chain are required to register their contracts with CBT prior to execution and this is vital in order to safeguard the interest of both parties.
